Delivering the service

We operate from centres throughout Hampshire with professionally qualified and experienced staff, managed from SLS headquarters, Fareham. Staff are recruited according to safe recruitment and have been DBS checked.

We provide resources which are professionally evaluated and targeted for supporting the whole school curriculum. These resources are regularly reviewed and edited to ensure they meet the current educational and recreational needs of children and young people. Due care should be given to resources on loan from the Hampshire School Library Service including ensuring that any additional labelling is temporary and can be easily removed.

All SLS Lead Advisers and Advisers are experienced in their field. Their performance and development is reviewed regularly and they are expected to maintain up-to-date information and knowledge in their specialism.

Monitoring of all work and quality assurance is a continuous process undertaken by Hampshire School Library Service in partnership with each subscribing school.

Schools must work with Hampshire School Library Service staff to ensure that they regularly exchange stock to remain within their allocation to avoid being charged at the additional leasing rate for excess stock.

Our advisory and reader development activities are provided through mixed virtual and physical delivery, in flexible ways to suit school needs and for activities to have the most impact.
