SIBLING REUNION

Sibling Swap have made a colossal MESS and Jonny needs to sort it out! Match up the siblings to the descriptions on the siblingswap.com database to return the misplaced brothers of the world to where they belong!

This sibling belongs in a rural environment, where there is freedom to roam and burrow.

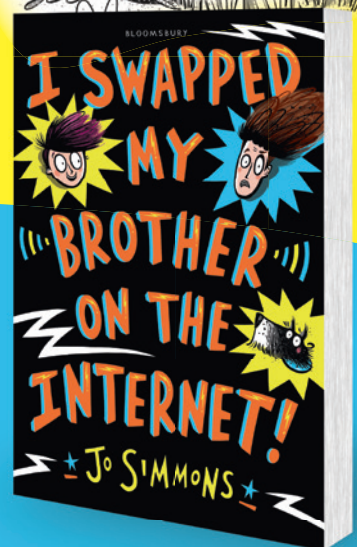

This sibling demands a home with a four-poster bed and access to a fridge stocked with very rich food.

This sibling requires access to a large water source such as a lake or reservoir – preferably a home with a very deep bathtub for complete submersion.

This sibling **MUST** have access to an Xbox in a house with soundproof walls as they will be up all night gaming.

This sibling is best suited to a patient, older sibling who doesn't mind losing, or at least letting their younger sibling win 100% of the time.

Looking for a sibling or ideally an identical twin in order to play tricks on people and appear to be in two places at one time!

SIBLING CHECKLIST

We don't always love everything about our siblings, but usually if we rack our brains we can come up with quite a long list of ways in which they are totally awesome. Draw a picture of your sibling in the space below and scribble alongside them all the reasons why you're glad they are your brother or sister. You can tear out the page from the pack when you're finished and give it to them to show them some love! If you don't have any siblings, write about your best friend instead!
